Re: Response to Freedom of Information Act Request Regarding the Federal Creosote
Superfund Site

Dear Ms. Mueller,

On December 20, 2016, I received your request for copies of the documents and records in the possession of the United States Environmental Protection Agency ("EPA"), pursuant to the Freedom of Information Act, 5 U.S.C. §552, as described below:

1. "Transmittal No. 1035", a September 2003 request to EPA Region II, from Severson Environmental Services, Inc., requesting that AES Parc Environmental Facility, a landfill in Quebec, Canada, be classified as equivalent to a Subtitle C landfill as defined in 40 C.F.R. 264.301.
2. EPA's denial of consent to classify the AES Parc Environmental Facility as equivalent to a Subtitle C landfill, issued on or around March 23, 2004.
3. Any documents supporting EPA's denial of consent to classify AES Parc Environmental Facility as equivalent to a Subtitle C landfill prior to March 23, 2004.

While EPA does not possess documents that are specifically responsive to your request, the attached documents may provide the information you are seeking. After a thorough and complete search, we believe there are no other documents within EPA's possession that are responsive to your request. Should you have any further questions of a technical nature, you may contact me at (212) 637-4337. Should you have any further questions of a legal nature, please contact Elizabeth La Blanc, Office of Regional Counsel, at (212) 637-3106.

Sincerely,

A handwritten signature in cursive script, reading "Brittany Hotzler", followed by a horizontal line extending to the right.

Brittany Hotzler
Remedial Project Manager
U.S. EPA Region II
